Independent & Studio Use for MMA Students | 2018 Sessions

Singular Adult students, students who are 18 and older enrolled in a MMA ceramic class receive **30 hours** of independent studio use during the 10-Week session. If allotted 30 hours are exceeded, please contact Cory Shea to purchase additional Independent studio hours, (Extra hours are \$8.50 per hour). Studio hours are not transferrable between sessions and are only active in the current session students are currently enrolled in after the first class takes place.

- Children enrollment in a MMA class does not permit studio time.
- If you are an adult registered with your child for 'Clay for All' class please note that the independent studio hours are for students 18 and older. Children under 18 are not permitted in the studio outside of classroom time.

Sign In

Due to insurance purposes, all students must sign in and out in the Ceramic Class binder (on their designated page) each visit outside of classroom time (even if students are staying late after class). All students must comply. Note that MMA has a security camera in the lobby that is monitored by the MMA staff.

Students must demonstrate proficiency in ceramic processes, safety procedures, and use of the equipment sufficient to work independently. Please follow the Building Lock-Up Procedures if you are last to leave the art center, the classroom lights and track lights are turned off, and the recessed lights remain on and the front door has been locked.
